

AUSTRALIAN MOHAIR MARKETING ORGANISATION LTD

A2009 AUCTION

A total of 32,334Kgs of mohair was offered at this first auction for 2009 held at Narrandera on the 24th April 2009. A full clearance was achieved (i.e. of the 32334kgs offered – 100% was sold). The average price was \$10.60/kg.

Competition from all buyers was very strong across the whole catalogue, with the most notable price gains achieved for kid types. The Top Kid price for the sale was Lot 3, 1 Bale of BFKID testing 23.3 um which made 3355c/kg sold on behalf of producers Jeff and Juliana Neve from the Young NSW area.

It is common knowledge that young goat and fine adult types account for a significant proportion of most growers' production, and it was therefore, very encouraging to see strong demand and substantial price rises for better Young Goat and Fine Adult types.

Fine Kid lines showed a price rise of 25%, while good kid was up 59%-73% with B Length Strong Kid up 60%. BYG was up 44% and Good Fine Fine hair up 33%-35% and good fine hair was up 28%-70% Adult lines were up on the previous sale.

AMMO Ltd is committed to continue selling mohair by auction at Narrandera where sales are fully supported by the buyers who have expressed a hope that they continue in the same manner.

Our next sale is scheduled for the 28th of August 2009.
